

## MITCHEL WARNS LABOR LEADERS

### Will Employ Full Powers to Prevent Disorders If Strike is Called

## EFFORT FOR PEACE FAILS

### Police Take Extra Precautions to Prevent A Recurrence of the Rioting

## GENERAL STRIKE INEVITABLE

NEW YORK, Sept. 21.—Labor leaders were given formal warning by Mayor Mitchell tonight that he would employ the "full civil and military powers" conferred upon him by law to prevent disorders, if the threatened general strike of trades unionists is called tomorrow to aid the street car employees who quit their places Sept. 6th.

The mayor's communication was addressed to Hugh Frayne, chairman of the conference committee of labor leaders, after a final effort to arrange a peaceful settlement had failed and following the declaration that a general strike was inevitable.

"The mayor, representing the civil forces of government in this city," the letter declared, "feels it incumbent upon him to say to you now, before any further rash step is taken, that these duties (to enforce law and maintain order) the city government will discharge to the full, employing, if need be, its entire resources to that end. Disorder, assaults and crimes of violence including injury to innocent citizens such as those of Tuesday and Wednesday, will be suppressed with a strong hand and punished with all the vigor at the command of the government."

The so-called final conference was attended by Mayor Mitchell, a citizen's committee and the labor leaders. It ended in a deadlock. The mayor later declared there was "no solution in sight," while members of the citizens' committee described the situation as "hopeless," adding that "it would appear that both sides would have to fight it out."

Ernest Bohm, secretary of the Central Federated Union said plans were completed for a sympathetic strike of 700,000 workers in other trades and that the "walkout" might begin tomorrow.

Meanwhile the state bureau of mediation and arbitration had sent notices to the leaders of the striking carmen and the heads of the transit companies directing them to appear before the board Monday when, it was said, hearings for the purpose of finding a way out of the deadlock would be started.

Samuel Gompers, president of the American Federation of Labor, who attended the mayor's conference declared he was with the strikers "to the last ditch in their fight for the right to organize."

Theodore P. Shonts, president of the Interborough Rapid Transit and the New York railway companies, issued a statement in which he declared "that no union men will be reinstated" by the Interborough. He said, however, that former employees on the surface cars of the New York Railways company would be taken back, provided they came free of unionism.

The merchants' association at a meeting today passed resolutions characterizing the attempt of the union leaders to effect a general strike "as a wanton disturbance of industry" and calling upon all public officials, state, county and city to enforce the laws "so that violations of order and destruction of property be quickly punished."

The police took extra precautions tonight to prevent a recurrence of rioting which already has resulted in many innocent persons being hurt, considerable property damage and more than 370 arrests.

Announcement by the New York Railways company that beginning tonight for the first time since the strike began Sept. 6th, five of the cross town surface lines would resume operations caused the police to redouble their efforts to prevent disorder.

Mr. Shonts sent tonight to District Attorney Swann, the foreman of the grand jury and members of the jury copies of a printed booklet containing affidavits made by employees who are said to have returned to work after striking, alleging that certain strike leaders incited the men to violence.

## NEED GREATER ELASTICITY IN THE COUNTRY'S TARIFF SYSTEM

Committee Submits Report to National Foreign Trade Council

New York, Sept. 21.—Greater elasticity in the country's tariff system is necessary to meet trade conditions that will arise at the close of the European war according to a report submitted to the National Foreign Trade Council today by a committee which has investigated the foreign trade aspect of the tariff. Calling attention to the readjustment of the tariff relations at the close of the conflict and the possibility that the present belligerents will seek reciprocal tariff concessions from one another and from neutrals the committee's report continues:

"All European nations will, with peace, have a large market to offer and may be expected to yield only for opportunities to extend or protect from discrimination their foreign trade. The United States is normally the best customer of the United Kingdom and is one of the most profitable markets for France, Germany and all the other belligerents."

"With the exception of the United Kingdom all the belligerents have in their tariff items, ample resources for negotiations for tariff advantages and for retaliation against discrimination."

"The foregoing circumstances show the necessity for greater elasticity than now obtains in the American tariff system regardless of whether the tariff is maintained for protection or revenue or partly for each. It is obvious that the United States should have some method of adjusting the tariff to new conditions created by political or commercial changes on the part of our customers, without resorting to a general revision. The creation of the tariff commission should contribute to this end."

## PLAN THREE INVESTIGATIONS OF LYNCHING AT OLATHE, KAN.

OLATHE, Kans., Sept. 21.—Preparations are being made tonight for three investigations of the lynching here early today of Bert Dudley, convicted last Tuesday of the murder of Mr. and Mrs. Henry Muller an aged couple who lived on a farm seventeen miles southeast of here. The attorney general and the county attorney were planning separate investigations and Dr. P. L. Lathrop, coroner, who automatically became sheriff under a law removing an incumbent after a lynching was making up lists of witnesses for an inquest tomorrow. It was the first lynching in Kansas since 1902.

Dudley was hanged to a telephone pole after members of a masked mob had battered down the doors of the jail and overpowered his guards. His body was riddled with bullets.

Four years ago Dudley was sentenced to the state reformatory for an attack on a sixteen year old girl.

## COOK COUNTY OFFICIAL RETURNS SHOW A GAIN FOR BRUNDAGE

CHICAGO, Sept. 21.—Official returns from fourteen Chicago wards show that Edward J. Brundage gained 1197 votes in Chicago over Richard J. Barr of Joliet in the Republican race for the nomination for attorney general.

In the fourteen wards, Barr gained only 93 votes as compared with the unofficial returns, and lost 882, while Brundage gained 519 and lost only 111 making a net gain of 1197 for Brundage as compared with police returns. On official Cook county returns an official return from most of the downstate counties, Brundage today had a plurality over Barr of 50.

## BALL PLAYER CHARGES ASSAULT WITH DEADLY WEAPON

Springfield, Ill., Sept. 21.—Julius Munch of Washington, D. C., a baseball player of the Rock Island Three Eye League team today swore out a warrant against Edward Gomes, of Springfield, charging assault with a deadly weapon. Munch made his complaint at St. John's hospital, where he is suffering from a bullet wound in the left leg. His complaint charges that Gomes shot him last Wednesday night. Gomes was arrested and released on bond.

## SHOOTS POLICEMAN AND LANDLADY

Chicago, Sept. 21.—Policeman John Blak and Mrs. Mattie Acker were shot and seriously wounded this afternoon by Charles W. Depew in a rooming house conducted by the woman.

Mrs. Acker, according to the police had asked that Depew be ejected from the rooming house after a quarrel between them. When the policeman attempted to carry out her request Depew shot them both. Depew was arrested.

## MODIFY ORDER.

Springfield, Ill., Sept. 21.—The order of the state board of health prohibiting school attendance by children under 12 years of age in certain restricted areas issued three weeks ago, was today modified to permit children over seven to attend school after thorough medical examination and continued medical supervision.

## SEN. REED REPLIES TO HUGHES' ATTACKS

### DECLARES G. O. P. NOMINEE HAS GENERALLY SUPPORTED RAILROADS

Speech at State Democratic Rally is Marred by a Situation Which Boeschenstein Declares "An Insult to a Member of the United States Senate."

Springfield, Ill., Sept. 21.—United States Senator James A. Reed, of a state Democratic rally replied to a state Democratic rally replied to the attacks of Charles E. Hughes on the Adamson railroad law, declaring that Hughes had generally supported the railroads, and that "if Hughes had had his way we would have been at this moment engulfed in a catastrophe so enormous as to appal the imagination."

Senator Reed's speech was marred by a situation which Charles Boeschenstein, of Edwardsville, Ill., national Democratic committeeman from Illinois, declared "an insult to a member of the United States senate."

"He spoke in the coliseum at the state fair grounds, from the same platform Hughes had occupied forty eight hours before. During his speech fine draft horses were paraded before judges in one end of the coliseum, while beef cattle were displayed in the other end of the building."

His remarks were interpolated with the neighing of horses and the bellowing of cattle. Toward the end of the speech the booming of cannon at a fireworks display nearby proved very annoying to the senator. To add to these disturbances, two peanut vendors began "barking" their wares among the audience directly opposite the speaker's stand, so loudly that Governor Dunne, who had introduced Senator Reed arose from his chair and called upon the vendors to desist until the meeting was over.

"Whoever was responsible for the existence of these disturbances," said Mr. Boeschenstein, "is guilty of a direct insult to a member of the United States senate."

Senator Reed charged Mr. Hughes with declaring "in substance and effect that union labor, like a highwayman, with a pistol, approached congress and compelled it to enact an eight hour law, and that congress in a cowardly and trudging manner surrendered the dignity of the nation to the unlawful and violent demand of labor."

"Naturally Mr. Hughes takes this view. It is the assertion of at least some of the railway presidents. It is not the first time Mr. Hughes has taken the side of the railroads."

Senator Reed then cited instances in which Hughes, when Governor of New York, had vetoed a two-cent fare bill, a full crew bill and a five cent street car fare bill. After reading Hughes' reiterated statement that the Adamson law does not provide an eight hour day but regulates wages Senator Reed charged that the Republican presidential candidate "when he delivered this utterance might well have been accused of plagiarism, for the same speech in almost identical language was delivered on the floor of the United States senate by such champions of the people as Reed Smoot of Utah, Jacob Gallinger of New Hampshire and Boies Penrose of Pennsylvania. There is nothing new in what Mr. Hughes says either in thought or dictation."

He reviewed the steps leading up to the passage of the Adamson law and declared that congress did not yield to the demands of either union labor or the railroads.

"Neither the railway presidents nor the railway employees ever came to congress or the president with a demand of any kind whatsoever."

"What would Mr. Hughes have done if he had been president in this crisis?" asked Senator Reed. "Mr. Hughes does not dare denounce the eight hour law. Accordingly he seeks to avoid it by saying that congress only provided that the men should receive a full day's pay for eight hours and that as a matter of fact the bill passed was simply a bill to increase the pay of railwaymen." The speaker reviewed the legislation of the Democratic administration.

He concluded by saying: "The country has peace within its borders. Trains are running. People are going about their business. Everywhere there is prosperity and plenty and contentment. If Mr. Hughes had had his way we would have been at this moment engulfed in a catastrophe so enormous as to appal the imagination."

## CITE INSTRUCTIONS GIVEN TO JOHN LIND

### NOMINEE SPEAKS AT FORT WAYNE AND RICHMOND, IND.

Ref's to Instructions in Support of Denial that Administration Sought to Deal With Small States With Same Spirit as With Large States.

Richmond, Ind., Sept. 21.—Instructions said to have been given by President Wilson to John Lind his personal representative in Mexico during Huerta's regime were cited in speeches by Charles E. Hughes at Fort Wayne today and here tonight in support of Mr. Hughes' denial that the administration sought to deal with small states with the same spirit as with large states.

"I have only recently received this authentic information of the actual instructions that were given with respect to the government of Mexico, such as Mexico had then," Mr. Hughes said. "John Lind was authorized by the executive to state this proposition to a minister of another government, namely: 'Huerta will be put out if he does not get out. That it is the preference of the president that it should be accomplished by domestic means, if possible, but that if it cannot be done by domestic means, other means, adequate for the purpose will be resorted to.'"

"There is no basis for that in the recognition of small states," Mr. Hughes added. "There is no basis for that in the recognition of the sovereignty of our neighbor. There is no basis for that in a true and correct American policy. We departed from an American policy and left our citizens to suffer from the barbarity which resulted when all government was destroyed and anarchy was supreme in Mexico. It is a deplorable recital."

In a dozen speeches today, most of them rear platform addresses of only a few minutes, the Republican nominee for president outlined his views on Americanism, protection of American rights, the protective tariff and other party policies.

## SECRETARY DANIELS RETURNS FROM SOUTHERN DRILL GROUNDS

WASHINGTON, Sept. 21.—Secretary Daniels returned here today from the southern drill grounds where in company with members of the civilian consulting board he watched practice maneuvers of the Atlantic fleet yesterday including an exhibition flight by the aeroplane ship North Carolina.

The yacht Dolphin put the secretary and the board members aboard the superdreadnaught in Lynn Haven Roads and from the big flagship they witnessed short range battle practice. A spectacular feature was a hydroaeroplane flight by Lieutenant Bellingier of the North Carolina, who was dropped overboard in his machine by the ships crane and left to get underway in a rough sea.

## POSSE SEEKS ASSAILANT OF SCHOOL TEACHER

## CHARGE WOMAN WITH POISONING FIVE INMATES OF HER HOME

Windsor, Conn., Woman Indicted for First Degree Murder—Pleads Not Guilty.

Hartford, Conn., Sept. 21.—Mrs. Annie Archer Gilligan, charged with poisoning five inmates of her home for elderly people at Windsor, was indicted for first degree murder on five counts by the grand jury late today. Benedict M. Holden, counsel for Mrs. Gilligan announced that he was ready to proceed with the trial and Judge M. S. Shumway ordered the case continued to the December term of the superior court. Mrs. Gilligan pleaded not guilty and was remanded to the county jail without bonds.

The state alleged that Mrs. Gilligan poisoned the following persons: Mrs. Maude Lynch of Lakeville, on February 21st, 1916.

Frank R. Andrews of Cheshire, on May 30th, 1914.

Charles A. Smith of Waterbury, on April 9th, 1914.

Michael W. Gilligan, second husband of the accused, on February 20th, 1914.

Mrs. Alice Gowdy, of Hartford, December 9th, 1914.

Mrs. Gilligan was arrested on May last, specifically charged with the murder of Mr. Andrews whose body had been secretly exhumed. Since that time four other bodies have been exhumed and the state alleges that evidence of a powerful poison was found in all the bodies. All the deaths occurred at the Archer home.

Most of the inmates were admitted to the home, the state claims, after contracts had been signed providing, for life care upon payment of \$1500.

## COMMISSIONERS CONFIDENT OF ABILITY TO SOLVE PROBLEMS

NEW LONDON, Conn., Sept. 21.—Confidence in their ability to find a solution of the border and other problems affecting the relations between Mexico and the United States characterized the attitude of the members of the Mexican-American joint commission today.

General conditions in Mexico were discussed again and the American members submitted more reports gathered by the state department on conditions in Mexico. In a rather general way the subject of withdrawing the American troops was talked over, the Mexicans expressing their opinion that General Carranza's army was capable of coping with the situation in the region now patrolled by General Pershing's forces.

That the renewed activity of Villa in Chihuahua City probably would delay an agreement on a plan of border control apparently was taken by the Mexicans as a matter of course.

## DIVISION TAKES FIVE HOURS AND A HALF TO PASS STAND

EL PASO, Tex., Sept. 21.—The war strength division review which started on its march at 8 o'clock this morning did not see the last of its units returned to camp until a late hour tonight. After its long detour thru the streets of El Paso it required five hours and thirty minutes for the line to pass the reviewing stand at Fort Bliss in which sat Major General C. M. Clements honor the review was tendered and Brigadier General George Bell, Jr., U. S. A., commanding this district.

After passing the stand, the men were massed in close formation, shoulder to shoulder and file against file, forming a solid mass of human fighting material 1,200 yards long and 400 yards deep, covering a space of 101 acres.

Brig. Gen. C. G. Morton, U. S. A., commanded the troops whose progress, tedious and trying in the warm weather, was unmarred by a single mishap.

## BURY MAJ. GEN. MILLS

West Point, N. Y., Sept. 21.—The body of Major General Albert L. Mills, chief of the militia division of army who died in Washington on Monday, was buried in the post cemetery at the United States military academy today. ## TEUTONS BEAT BACK RUSSIAN ATTACKS

### Muscovites Suffer Heavy Casualties in Region of Lutsk, Volhynia

## RUSS REPULSE TEUTONS

### Berlin and Vienna Concede That Their Line Has Been Pushed Back in Carpathians

## ROUMANIANS ARE FORTIFIED

With the September rains still impeding the operations on the western front in France interest in the world warfare has been transferred to the Russian-Romanian and Macedonian theaters, where violent fighting is in progress.

Probably the most sanguinary encounters have taken place along the twelve mile battle line in the region of Lutsk, Volhynia, where the Russians attacked repeatedly in mass formation but only, according to both Berlin and Vienna, to meet with repulse and heavy casualties. The battle is still raging in the region of Korytnia and Sviniskoy.

To the north along the Stokhod river the Germans assumed the offensive against the Russians, but everywhere were repulsed according to Petrograd. On the other hand, attacks by the Russians against the Austro-Hungarians in the Narayuvka river region of Galicia were put down by the defenders of the road to Lemberg. In the Carpathians both Berlin and Vienna concede that the Teutonic line east of the Panther Ridge and near Brizia has been pushed back by the Russians.

Altho Berlin and Vienna record the reoccupation of heights on both sides of the Vulcan pass, Bucharest says that to the south of Petrozemy the Roumanians have stopped their retirement and are fortifying their positions.

The German, Bulgarian and Turkish troops under Field Marshal Von Mackensen have been defeated in the Roumanian province of Dobruja, according to the official announcement from Bucharest. It is declared the invaders have retired to the south and are burning villages in their retreat.

The great battle which was the climax of Von Mackensen's swift campaign in the Dobruja district immediately after the declaration of war by Roumania began on Sept. 18th, and ended says Roumanian headquarters on the 20th.

With reference to these operations Berlin merely says "fighting in Dobruja has come to a standstill." Except for the repulse by the Italians of an Austrian attack south of Villa Nova, on the Carso front there have been only bombardments in this region. Thursday on the front in France was without noteworthy incident.

A revolutionary provisional government has been set up on the island of Crete, according to unofficial advice which adds that a committee of revolutionists is to be sent to Saloniki. Former Premier Venizelos while declining to say whether he purposes going to Saloniki to head the movement, repeated his recent statement, that if the king will not hear the voice of the people "we ourselves must devise what is best to do."

## To Let It Go

For a solid year we have been holding the property located at 1310 Lincoln avenue to get what we know it is worth, \$3,500.00. We have spent half that much in recent improvements, but we are tired of carrying it, and we will consider any reasonable offer. Go out and look it over and come in and talk to us about it. We can carry a very liberal loan, or take a smaller place in trade. There are two acres of ground, more than 1-2 in pasture; an excellent barn, hen-house and yard, good fences, and an 8 room house in PERFECT condition, with three porches and a nice shady yard.

It was Wendell Phillips who said a long time since that "One on God's side is a majority." The trouble with the European war is that each one of the leaders is perfectly confident that he is carrying out the desires of the Almighty.

One of the best founded charges that Mr. Hughes has made against the Wilson administration is in his declaration that the president has formed the habit of deciding cases and then getting the facts afterward. The president's course in several important instances gives proof of the truth of the Hughes charge.

### It's A Republican Year

Colonel Lowden and the other Republican nominees will begin a state wide tour early in October and hope to visit every county in the state. The vote figures in the recent primary election were not of a kind to put courage into the hearts of the Democrats. A hundred thousand or more Republicans than Democrats went to the polls and the figures can be taken as a omen of what will happen in November. It was disconcerting also to the Democrats to find how readily defeated candidates adjusted themselves to conditions following the primary, for all of them quickly forgot anything that rankled and came out in the open with uncompromising declarations of loyalty for the G. O. P. and made known

### Rippling Rhymes By WALT MASON

#### KNOWING THE WORST

Every morning John, the granger, looked with sadness on his corn, for it was in deadly danger, by the hot winds seared and torn. Thru the weary weeks he'd tilled it—only his toil to build it into something like a crop. It was perishing for want, and the heavens leaked no more; every day was fiercer, hotter, than the day that went before. And it seemed to John the granger, as he watched his corn crop go, that heaven had he'd be a stranger to all things but grief and woe. But when once his sense was ended, and he knew the crop was gone, "Next year's crop may well be splendid, and I'll bank on that," said John. "Two bad years don't come together—that would be too fierce, gadzooks! So next year we'll have such weather as we read about in books." Thus the buoyant, hopeful mortal rises when the worst is known, to surprise you with a chortle when you're looking for a groan.

### Festival Plans Flourish

Plans for the merchants' fall festival are moving along apace and the committee from the directors of the Chamber of Commerce which has been interviewing merchants has met with general approval. The idea of having a festival for a week with the entire program carried out in the square district and with the absence of cheap and tawdry carnival attractions pleases the business men. As a result subscriptions are coming in generously and it is now practically settled that the ideas of the committee can be fully carried out. This season promises to be especially suited for such an event for it will be possible to make a fine showing of corn and other farm products. The generous prizes in prospect will be certain to make competition keen in the livestock events. The festival will not be just like the old time county fair but will constitute a revival of the best features of that once popular affair and the festival will be a mighty good thing for the whole community.

### Looking Out For Springfield

The business men of Springfield have asked the farmers of Sangamon county to join them in an effort to persuade the federal farm land bank commission that one of the twelve land banks should be located in Illinois. It is needless to say that the Sangamon county men, after presenting their argument on behalf of the state, will with great modesty suggest that Springfield, the only logical point in the state for such a bank. It is really surprising that Springfield has not made an effort to secure the establishment of the government's \$11,000,000 armor plate plant. The capital city is at least located in a place to make it perfectly safe from coast attack.

### C. S. Generosity

The cost of living has increased enormously in America the past year but the new year book of the Carnegie endowment for international peace estimates that American gifts for the year to European war relief societies have been \$28,896,277.36. This sum, great as it is, does not include still other millions given thru private channels. The figures furnish an eloquent testimonial to the generosity of American people and should furnish to the war lords of Europe something worthy of contemplation. The gifts show how earnest is the United States desire to alleviate the suffering in Europe and how consistent is the nation's neutrality, for the millions have been distributed on all sides.

### Living Costs Boom

Step into a bakery to buy cookies and you will find that the price has been advanced from 10c to 12c a dozen. That is really a moderate advance when the increased cost of flour and other ingredients is taken into consideration. Speakers at a recent meeting of bakers in the east predicted that the price of bread will go to the 20c a loaf mark this winter unless the federal government places an embargo on the exportation of wheat. This prediction sounds very radical and as if it would be difficult to array facts to prove it.

Nevertheless the advancing prices of all necessities are such as to give the average consumer real cause for disturbance if not alarm, and merchants will tell you that the limit has not yet been reached. Dry goods, groceries, collars, paper bags, cotton goods, woollens, cigars and a great many other things that could be listed are all commanding higher prices now than was true even a few months ago. With such increases it is not at all surprising that there are frequent rumblings of discontent from the wage earner, whose efforts to make a dollar go as far as it used to are inevitably futile.

### The Greatest Business

The farmer of today has the satisfaction of knowing that he is engaged in the most important business of the country. The idea that any man can be a successful farmer was long since exploded and only those men who are trained from experience or study can succeed under present day conditions. Farm problems—that is, how to make farming profitable on high priced land—grow daily more complex. But the rewards for the farmer are in proportion to the intelligence and industry used. There are today in Morgan county various notable instances of men who have made good in farming and livestock operations during these years since high land prices have come. Farming is a business with great opportunities, but as the ministers say in the marriage ceremony, should not be entered upon unadvisedly. Hogs are worth 11c or better, wheat \$1.50 a bushel, new corn is being contracted at 65c and the farmer who understands his business can make money on land priced even higher than that in Morgan county.

Louis Verbitz and John Boddy of the region of Markham passed thru the city on their way to Springfield yesterday.

### MATRIMONIAL

#### Pierson-Brown

At eight last evening at the residence of Rev. John W. Kirk, 221 Edgmon street, Martin Pierson and Mrs. Lucile Brown were married, Rev. J. W. Kirk officiating in the presence of a few friends. At the close of the ceremony Mr. and Mrs. Pierson repaired to the home already prepared for them at 515 South West street, where they held a reception for a number of invited guests. Refreshments were served and a pleasant time enjoyed.

Mr. Pierson is an industrious man in the employ of Ellsworth Wells and bears a good name. The bride is well known also as a lady of good reputation and much respected. They begin married life under pleasant auspices.

#### Vasconcellos-Henderson.

Wallace Vasconcellos, son of Mr. and Mrs. John H. Vasconcellos, and Miss Myra Henderson, daughter of Mr. and Mrs. B. F. Henderson, were quietly married in Peoria Tuesday evening. The ceremony was said by the Rev. H. E. Sala, pastor of Central Christian church. Mr. and Mrs. Vasconcellos will make Peoria their home.

Both young people were reared in Jacksonville and both have here friends in large number, who will extend best wishes. The groom is employed by B. Cowell, proprietor of a large wholesale wallpaper firm. Married at New Berlin.

Thomas R. Taylor of Waggoner and Miss Jeannette E. Washburn of New Berlin were married at the Baptist church in New Berlin Thursday morning at 10:30 o'clock. Rev. A. W. Judd officiating. The bride was attended by her cousin, Miss Frances Washburn of Loami, and Harry Taylor of Pawnee, a brother of the groom, was his best man. The ushers were Edwin Washburn, Frank M. Taylor, Ralph Taylor and Earl Coulter. Before the ceremony Miss Elgin Davis of Blandinsville gave a musical program. The wedding was a notable society event as both of the young people are prominent in their home community.

### MORE PROPERTY PURCHASED FOR THE WOMAN'S COLLEGE

Two Houses on East College Avenue Acquired From E. N. Kitter.

Announcement was made by President Harker Thursday at the laying of the corner stone of the gymnasium of the purchase of two residence properties on East College avenue from E. N. Kitter. The residence of Mr. Kitter faces East College avenue and adjoins the college property on the east. He is also the owner of the house next east of his own home and it is these two properties which the college has acquired a contract for the transfer having been entered into by E. E. Crabtree as representative of the board of trustees, and Mr. Kitter as the owner. The new property will square out the college grounds as the frontage on College avenue has not been as wide as that on East State street.

MARIE CONSTANT WON RACE AT SPRINGFIELD

Marie Constant owned by William Foster residing east of the city and driven by Clark Green, won the 2:25 trot at Springfield Thursday in straight heats. It was the mare's second victory of the week having won a race on Monday.

Marie Constant has been trained by Mr. Green and the past summer he made a tour of the races thru Ohio. During the extreme hot weather the mare became sick and got out of condition and Mr. Green was compelled to lay her up for awhile. He gave her light work however, and started out again. She has finished first in her last four starts.

The mare is by Constano and shows much promise. Thursday her best time was 2:12 and it is the opinion of expert horsemen that the limit of her speed has not been reached.

## HOME OF L. E. DEPPE WAS DESTROYED BY MORNING FIRE

Meredosia Residence Burned Thursday—Rebekahs Celebrate Order's Founding—Other News Notes.

Meredosia, Ill., Sept. 21.—At four o'clock Thursday morning the seven room residence of L. E. Deppe in the north part of town was destroyed by fire. The origin of the blaze is unknown. Mrs. Deppe was awakened by the noise of the fire and upon arising out of bed found the upper part of the house already in flames. She gave the alarm and then went to work to get the children awake and out of the house which she succeeded in doing. By this time help arrived but to no avail in removing very much of the contents within. Attention was then turned to the surrounding buildings which they succeeded in saving. The metal roof on the burning building was a great help in saving those surrounding it. It is understood that there was about \$2,000 insurance on house and contents. Mr. Deppe was not at home having employment at Benton and to which place the family was intending to move about October 1.

**Miller-Estes Verdict**  
The Danville Commercial-News of Sept. 11, states: "The jury in the Miller-Estes case returned a verdict finding the defendants not guilty as charged in the indictment. Dr. Logan Estes of Mattoon and John C. Miller of Neoga were charged with having stolen auto accessories shipped to Strausburg and to a person unknown at that point. The defendants claim the case is a 'frame-up' and there is now pending against the express company and its detective a suit for \$10,000 as a result of the arrest of the men." Dr. Estes was a former resident of this city and the case has been watched with much interest.

## ANNUAL INDIAN FESTIVAL REVIVED

San Jacinto, Cal., Sept. 21.—The annual Indian fiesta and fair was opened on the Saboba Indian Reservation today and will be continued until next week. The affair is held under sanction of the Department of the Interior. This year the Department took steps to eliminate the gambling features, which were prominent in the past and led to the abandonment of the celebration last year.

The Department of the Interior has caused to be built on the reservation a big ramada, for the accommodation of the exhibits and as a place for holding the festivities. Here the old-time dances of the Indians are to be held around camp fires during each night of the celebration. A variety of other outdoor sports will be provided for the day's program, including baseball, horse racing, poon games, long distance running races and other contests between teams from the various Indian tribes of southern California. In attractive booths surrounding the plaza are articles of Indian manufacture and other native products exhibited for prizes offered by the Government.

The Saboba Reservation is two miles from San Jacinto and the fiestas in the past were always attended by thousands from Los Angeles and other cities of this end of the State.

## INTERESTING POINT OF LIABILITY.

Jersey City, N. J., Sept. 21.—Whether an employer is liable for the death of an employee on an errand outside of the plant is the interesting question presented in an action which came up for hearing today in the Hudson Court of Common Pleas. The action was brought by Miss Celestine Manzo, suing as administratrix of the estate of her father, Antonio Manzo. The defendant in the action is a local box manufacturing company. Manzo was employed by the defendant company August 2, 1915, when he was sent on an errand outside the plant. On his return he alighted from a street car, and, as he did so, was killed by an automobile. The petition states that the company disclaims liability for the accident because it occurred outside the plant.

## BRONCHO BUSTING CHAMPIONSHIP

Pendleton, Ore., Sept. 21.—Cowboys who boast of an ability to tame the wildest broncho that ever cavorted over the plains have gathered here from many western States and from Canada to contest for the Richard K. Fox gold belt, emblematic of the broncho busting championship of the world. The bucking contest will be a leading feature of Pendleton's seventh annual Round-Up carnival, which was opened today and will be continued thru the week. Many other frontier sports and festivals are also included in the carnival program.

## CENTENARY PASTOR HERE

The Rev. E. L. Fletcher, new pastor of Centenary M. E. church, is here from Gibson City and will preach his first sermon in Jacksonville Sunday morning. Their household goods have not arrived, but Mr. and Mrs. Fletcher expect to remove to the parsonage early next week. Miss Louise Fletcher, their daughter, is a student in the academy at Illinois Woman's college.

## ASSOCIATED PRESS CORRESPONDENCE

Amsterdam, Netherlands, Sept.—(Correspondence of The Associated Press.)—In the Amsterdamer, Professor van Hamel, the distinguished authority on law, describes the bringing of some thousands of German children to Holland as the latest moral puzzle that confronts the Dutch nation. He says it would indeed be a terrifying prospect if Holland, in order to escape the imputation of unmercifulness, had to provide lodging for some hundreds of thousands of German women and children. He continues: "To ast in such a way as a restaurant for Germany, who is suffering under the starvation-war, could not easily be considered as in accord with our striving after unimpeachable neutrality. It would expose us immediately of itself to scarcity of food, and moreover pretty certainly put a stop to imports from the allies. While the allies render possible imports for our own internal consumption it would be too much of a good thing to permit all Germany to come here and eat in Holland."

"But still there is a great difference between such a case and the simple fact that a couple of thousands and hungry and underfed German children are well treated here, for a short time. . . . It must be remembered, however, that there exists a great difference between friendly philanthropy and organized evasion of the starvation policy of the allies. For the present we see in the entire plan simply and solely the first (friendly) philanthropy and we expect too that it shall continue such."

Panama, Sept.—The virtual completion of the 1,000 foot dry dock at Balboa, in conjunction with the shops and foundries there, and of the 485,000-ton coaling plant at Cristobal, are important steps in the militarization of the Canal and making it an important naval base. The dry dock and the coaling plant are now in operation, although further work is necessary to bring them to completion. They have both been used during the past week for commercial ships passing through the Canal, and the Navy cruiser Charleston, which has been stationed at the Atlantic entrance since the last German crisis, is now being overhauled and given extensive repairs in the dry dock.

The dock is 1,000 feet long by 110 feet wide, having the same dimensions as the chambers of the locks. It will accommodate the largest ships in the world, even at this stage of completion and has handled one vessel drawing 33 feet of water. It has a depth over the blocks of 35 feet at mean tide, or 45 feet at high tide. It is an integral part of the terminal shops and foundries. Together they can do practically any sort of ship repair work.

The new coaling plant at Cristobal, which has an emergency storage capacity of nearly 500,000 tons, which may be increased indefinitely in connection with land storage alongside the plant, has been designed with special regard to naval uses. Its ability to deliver 2,000 tons of coal an hour to a ship will make it theoretically possible for a whole fleet to coal there in 24 hours for an extensive cruise. The plant is of a novel design, made with a view to just such an emergency.

Geneva, Switzerland, Sept.—Many young women in the Duchy of Baden, betrothed to officers and soldiers killed in the war, have taken advantage of the recent decree of the Minister of Justice that gives them practically the status of widows. They have adopted the names of their dead fiancés and call themselves "Mrs." (Frau). They wear mourning and wedding rings and are known as war widows. They wear headresses distinguishing them from real widows.

It is expected that this system will be extended to other German states. Marriage ceremonies are performed in many cases a Baden at the registry office in the usual way with witnesses.

## NEW BISHOP AT HARRISBURG.

Philadelphia, Pa., Sept. 21.—Rev. Philip R. McDevitt was consecrated bishop of Catholic diocese of Harrisburg in the Cathedral of St. Peter and Paul here, today before a large congregation and a number of visiting prelates and priests. Archbishop Prendergast was the consecrator and was assisted by Bishop Fitzmaurice of Erie, Pa., and Bishop McCort of Philadelphia. The sermon was preached by Rt. Rev. Mgr. James P. Turner, rector of the Church of the Nativity in this city.

## FLETCHER FAMILY REUNION.

Boston, Mass., Sept. 21.—The annual reunion of the Fletcher Family Union met in Horticultural Hall in this city today with Governor McCall of Massachusetts, former Governor Allen M. Fletcher of Vermont, and Horace Fletcher, "the father of Fletcherism," scheduled as the guests of honor and principal speakers at the annual reunion banquet. Present at the opening of the gathering were members from many parts of the country, all claiming descent from Robert Fletcher, one of the earliest of New England settlers and founder of the family in America.

A few weeks since Tom Hoban, salesman in the Tom Duffner clothing store, went to Michigan for a vacation trip. He has since secured a position in an automobile factory at Detroit and has written Mr. Duffner that he will not return.

### CORNERSTONE IS LAID FOR I. W. C. GYMNASIUM

Ceremonial Thursday Afternoon of  
Impressive Kind—Greetings Ex-  
tended From Other Institutions—  
Facts on College Growth Given.

With impressive ceremonies the cornerstone of the new gymnasium building at Illinois Woman's college was laid Thursday afternoon. The exercises began at 3:30 o'clock, with Dr. Harker presiding. The stone is at the northeast corner of the building and was laid by Dr. T. J. Pitner, as president of the board of trustees. The copper box placed within the stone contains a number of papers and documents relating especially to the college and Jacksonville, which will prove very interesting indeed, a hundred years hence if the contents happen to be displayed at that time. President Rammelkamp of Illinois college; Supt. Perrin of the city schools; Rev. F. B. Madden and Rev. E. K. Towle had part in the exercises, which concluded with the singing of the college song by the several hundred students assembled about the temporary platform erected for the speakers.

In the beginning President Harker read some historical facts about the growth of the college showing the steady advancement and expansion of the institution in material and educational ways. The opening prayer was offered by Rev. E. K. Towle and suitable passages of scripture were read by Rev. F. B. Madden.

#### From the Public Schools.

Supt. A. H. Perrin was introduced to extend greetings from the public schools of Jacksonville and the state. The speaker referred to the importance of the occasion from an educational standpoint and declared that he believed Michigan university authorities were right when they announced that students who arrived there and who needed physical exercise could be given a credit of one fourth in their electives if they chose courses to benefit them physically. Mr. Perrin said that the world had come to understand more clearly in recent years how essential the care of the physical side of life is, even from an educational viewpoint.

#### Greetings from Colleges.

President Rammelkamp of Illinois college extended greetings from the college and from the colleges of the state. He said that during the fourteen years of his residence in Jacksonville he had witnessed the marvelous growth of the college and that this growth had not been only material but in a literary way as well. The speaker declared that while there had been many contributors toward the growth of the college, that the greatest credit must be given to President Harker as the genius who had led in the great work, and then he said somewhat facetiously that President Harker's work had been a spur and an inspiration to him, possibly greater than Dr. Harker realized. The record of the college, President Rammelkamp said, was one of which any college or any college president might well be proud.

#### In the Copper Box.

President Harker then read a list of the contents of the box placed within the cornerstone as follows:

A copy of the Jacksonville Courier for Thursday, Sept. 21, 1916, including report of the cornerstone laying.

A copy of the Jacksonville Journal for Thursday, Sept. 21, 1916.

Catalogue of Illinois Woman's college for the current year.

Book of Views of the Woman's college.

Copy of the June number of the College Greetings with the account of commencement, 1916.

Copy of the Seventieth Anniversary number of the College Greetings.

Students' handbook published by the students' association of the Woman's college.

President Harker commented on the fact that the Courier had printed the report of the corner stone laying in advance in order to have it ready to be placed in the copper box.

Dr. Pitner Points to Gym Benefit. Dr. Pitner, after he had used the trowel and mortar in laying the stone, said that the gymnasium was the realization of dreams had some years before. He predicted that the gymnasium would be of very great value in the development of all round students and said that it was a fortunate thing that the people had come to recognize the importance of the proper attention to the physical in education work of today. President Harker asked the students to join in singing the college song and this number concluded the exercises.

Historical Facts. The historical sketch read by the president was as follows:

The Cornerstone of the first building of the Illinois Woman's College was laid by Bishop Edmund S. James in September, 1849, sixty-seven years ago. The building was 100 feet long by 50 feet wide, four stories high, and was situated where the east part of the present main building now stands.

In 1854 the attendance had so increased that a wing was added on the west end of the building, extending south 100 feet, four stories high, having an attic fifth story on the south end with two large rooms, used as halls by the Belles Lettres and Phi Nu societies.

In 1862 this wing was burned, and was rebuilt in 1863, seventy feet long, and without the attic story. In 1870 the main building burned, and was rebuilt the same year, as

it now stands. In 1872 the wing was again destroyed by fire, but with unconquerable heroism and energy it was rebuilt within a year.

From 1873, for a period of twenty six years, the College continued without additions or new buildings. But in 1899 began a period of remarkable growth, continuing to the present time. In these seventeen years there have been eleven additions and new buildings.

In 1899 the east wing was built. It is worthy of note that this wing was part of the plan when the west wing was added in 1854. It had to wait 45 years for its realization.

In 1900 the west wing was extended.

In 1902 the main building was extended westward.

In 1904 the power house was built.

In 1906 the Music Hall and the College Cottage were erected.

In 1909 Harker Hall was built, and the Dining Room extension added to the west wing. The cornerstone of Harker Hall was laid May 18, 1909, by Archibald C. Wadsworth, president of the Board of Trustees.

In 1910 the College Cottage was enlarged.

In 1916 the Library Addition has been completed, and the Gymnasium begun.

During these years large additions have been made to the furnishing of the buildings, and to the equipment of library and laboratories; and an endowment of \$200,000 has been secured.

We thank God for the heroic men and women who laid the foundations of the college in sacrifice and devotion, and sustained it thru all its years of fiery trial.

We thank the many friends who have assisted in the growth of recent years; we urge them to continued interest, and we humbly and earnestly seek daily Divine guidance and direction in finding still other friends, and in plans for the advancement of the college.

For the future, with unwavering faith, we commit the college into His care who inspired its beginning, and who has sustained and guided thru all the years, praying that He will continue to direct and sustain and bless to its fullest consummation.

We lay this cornerstone for the foundation of a building devoted to the more perfect physical development of the students, to the end that their bodies may be strong and healthy, their minds clear and alert, and their characters strongly founded on a well proportioned physical, intellectual and spiritual basis; that every young woman attending this college may be able and ready and anxious to do any womanly service anywhere.

QUESTIONS ON THE  
SUNDAY SCHOOL LESSON.  
By Rev. T. S. Linscott, D. D.

Aug. 27. Journeying to Jerusalem. Acts 20:16-38. Golden Text: I commend you to God and to the world of his grace. Acts 20:32.

9. Verse 22. How much would it help or hurt us, to know in detail, the things that are to happen to us in the future?

Sept. 3. Paul's sorrows and comforts. 2 Cor. 11:21-12:19. Golden Text: My grace is sufficient for thee; for my power is made perfect in weakness. 2 Cor. 12:9.

10. Verses 21-22. If a man calls himself a weak man when he knows himself to be strong, or speaks of the little he has done when he knows he has done much, or, in anyway speaks of himself below what he knows himself to be, why is he not a falsifier the same as if he had testified contrary to the facts in the case of another?

Sept. 10. The arrest of Paul. Acts 21:17-40. Golden Text: Thou shalt be a witness for him unto all men of what thou hast seen and heard. Acts 22:15.

11. Verses 17-19. What reason is there to believe that there is no other class of people who so love one another, and so rejoice in each other's fellowship as real Christians?

Sept. 17. A prisoner in the castle. Acts 22. Golden Text: He is my refuge and my fortress; my God in whom I trust. Ps. 91:2.

12. Verses 6-8. Saul and Jesus questioned and answered each other to what extent is it our privilege to-day, to hold similar conversation with Jesus?

BOSTON MAKES CLEAN  
SWEEP OF THE SERIESWIN FINAL FROM DETROIT BY  
10 TO 2 SCORE

Jennings Uses Four Pitchers But None are Effective Except Dubuc Who Pitched Only the Last Inning

Detroit, Sept. 21.—Boston made a clean sweep of the series with Detroit, winning today's game 10 to 2. Jennings used four pitchers, but none of them were effective except Dubuc who pitched only the last inning. The result of the series apparently assures Boston the American League pennant.

### WOMEN IN THE NEWS

Queen Marie of Roumania, who will head the activities of the Red Cross in her kingdom now that it has joined the war, has only one rival for beauty and elegance of dress among the feminine royalties of Europe, and that is her cousin the Queen of Spain, who was like herself an English princess. As becomes an English Princess, Queen Marie is tall, graceful, blue-eyed and golden-haired, which makes her beauty even more striking among the dark-skinned women of a Southern type, who surround her at the Rumanian court. She is the daughter of the Duke of Edinburgh, and lived in England practically all of her life, with the exception of one year in Germany, before her marriage at sixteen to Prince Ferdinand, who two years ago became King of Roumania. She has always been a great favorite at Bucharest, her fondness for the semi-orientalism of her new home and for the picturesque Rumanian national dress, which enhances her beauty, being very pleasing to her people. The Queen has five children, of whom the eldest, Prince Carlos, is 22. The third, Princess Marie, a girl of 17, and like her mother a beauty, is spoken of as a possible match for the youthful Prince of Wales.

Mrs. Carrie Chapman Catt, who was recently re-elected President of the National Woman's Suffrage Association, which is taking an active part in the presidential campaign and making its cause an issue of the fight, has seen the suffrage movement grow from unpopularity to wide recognition during the time she has been a suffrage lecturer. She was for nine years president of the International Woman Suffrage Alliance before her election in 1912 as president of the American Woman's Suffrage Association. She was state lecturer and organizer of the Iowa Woman Suffrage Association in 1890-92. She was active in the successful campaigns in Colorado and Idaho for equal franchise, and was added in the movement that secured a clause in the Louisiana constitution giving tax-paying women the right to vote on all questions submitted to other taxpayers. She has lectured in hundreds of cities of the United States and in almost every country in Europe, on suffrage and economic questions relating to women. Mrs. Catt is a native of Wisconsin and began her career as an educator, being at one time superintendent to schools at Mason City, Iowa. She is a resident of New York.

Mrs. Bessie C. Turpin of Omaha, Nebraska, is the sponsor for an ambitious project to organize the widows of America, into a union to be called The Society of American Widows. Most widows are mothers, avers Mrs. Turpin, and when thrown upon the world to support themselves and their children encounter obstacles unknown to the smoother career of the single business woman. The union's platform is a sensible and practical one, relying upon some humane sympathy for the difficulties which beset the bereft wife and her little ones, and here are some of its more salient details:

Obtain from merchants a ten per cent discount on all purchases. Establish sewing department, an employment bureau, reading, rest, and lunch rooms, and a day nursery in the business districts of all large cities. Build profit-sharing apartment houses, including gymnasium, music and assembly rooms, to be occupied by widows and their families at a low rental. Publish monthly magazine to deal with widows' problems and arouse interest in the movement in every city.

Social workers and women lawyers in Chicago have sent an appeal to State Attorney Hoyne to appoint Miss Pearl M. Hart of the adult probation office, an attorney, as special prosecutor of Mrs. Eva Williams Barnes, charged with slaying her husband, James R. Barnes. The case, that of a young wife, half of her dead husband's age, pretty, and describing herself as misunderstood and abused, is typically one where the traditional "sex appeal" leads the sympathetic jury to decide the case more on the lady than on the facts. The record of Chicago and Cook county in the administration of the law in connection with woman slayers reflects more credit on the goodness of heart than on the sense of justice of the community say the women who now want a woman to prosecute another woman, simply to neutralize this sex appeal to the jury. They do not pretend to give an opinion about the guilt or innocence of Mrs. Barnes. They are suffragists, and women, they say, should shoulder the same responsibilities as well as enjoy equal rights as citizens of the state.

MISS ADDE GLEASON IN "RAMONA" AT GRAND NEXT MONDAY

When Helen Hunt Jackson wrote the story of "Ramona" her mind was full of the awful injustice meted out to the Mission Indians, who had occupied their lands for over 500 years. In 1865 she had been appointed a member of a Commission designated by the Federal Government to investigate reports of cruel and unjust eviction of the lawful holders of what are still known as "The Mission Lands" of California. It is due largely to the efforts of the author of "Ramona" that the comparatively few remaining members of an almost extinct race, now dwell in peace and plenty, or within a few miles of, their ancient habitat.

"Ramona" has been pictured by The Clune Film Producing Company, who have provided an unusually elaborate musical setting for what is known as "The Sweetest Story Ever Told."

"Ramona" with a special aug-

mented orchestra, will be presented at Grand next Monday, Sept. 25th, afternoon and night.

### PROTESTANT EPISCOPAL CONVENTION IN ST. LOUIS

Many Bishops and Laymen to Assemble for Forty-fourth Triennial Gathering—Will Discuss Amendments to Constitution—Bishop Tuttle to Preside.

St. Louis, Mo., Sept. 21—The coming month will witness the making of ecclesiastical history here by the forty-fourth triennial general convention of the Protestant Episcopal church. Beginning Wednesday, October 11, more than 100 bishops, with several times that number of clerical and lay delegates, will meet in the Moolah Temple to hold daily sessions for two weeks or longer.

The bishops will constitute the House of Bishops and the clergymen and laymen will sit in the House of Deputies. These two bodies will discuss proposed amendments to the church constitution and their debates will bring to a head questions that have been agitating the church for many years.

Among the important subjects scheduled for consideration are the relation of the Episcopal church to other Christian communions; revision and enrichment of the Prayer book; Christian education; missionary organization, and the election of a bishop for negroes in the United States.

The session of the House of Deputies will be open to the public. Another attempt to throw the session of the House of Bishops open to the public will be made. Such an attempt at the last triennial general convention was defeated by a narrow margin.

One of the interesting features of the convention, aside from the ordinary routine of business, will be a celebration in honor of the fiftieth anniversary of the election to the episcopate of Bishop Tuttle of Missouri. Bishop Tuttle is the oldest member of the House of Bishops in point of service and by right of seniority has held the honor of presiding bishop for many years. He is to preside over the approaching sessions in this city and will also preach the convention sermon.

The total number of delegates to the convention will be close to 800 and in addition there will be many visitors to the gathering. For their reception and entertainment elaborate preparations are now being made by the local church organizations.

### LUMBER EXPERTS ARE SOUGHT BY U. S. GOVERNMENT

To Investigate Market for American Lumber in Europe at End of War—Examinations Being Held Today in Many Cities.

Washington, D. C., Sept. 21.—Lumber experts are wanted for the important work of finding out what the United States' opportunities are of selling lumber in Europe when peace is restored. The Lumber Manufacturers' association and the Federal bureau of foreign and domestic commerce are working together in this investigation and indications are that it will be one of the most important steps ever undertaken to further the sales of American lumber in foreign countries.

Four or five men are required for the work, and they will be employed by the bureau of foreign and domestic commerce, although the larger part of the fund required will be furnished by the lumber manufacturers. These men will be selected from the applicants who successfully pass an examination to be held in all the larger cities tomorrow. Salaries not to exceed \$10 a day are offered, and in addition all transportation expenses will be paid, and \$4 a day will be allowed for subsistence expenses.

Applicants for positions must be citizens of the United States and must be available for two years' service. The first subject of the examination will be practical questions covering forestry, or timber products, and marketing of forest products. On the second subject a thesis on investigation methods will be required. Foreign languages will be the third subject and the competitors will be required to translate a passage from one at least of the following languages: Dano-Norwegian, French, German, Spanish, Italian, Swedish or Russian. Education and experience will comprise the fourth subject.

Ability to write good English is one of the most essential qualifications, and will be judged on the basis of the written examination papers. Good address and appearance will also be considered, as will ability to address public gatherings. Candidates who successfully pass the written examination probably will be required to appear before an oral examining board at Washington.

County assessor and treasurer W. A. Masters and Commissioners Robert Coults, William F. Roegge and David Wilson went to Springfield Thursday in Mr. Masters' car to attend the fair and take part in democratic day.

### WOMEN'S STOMACH TROUBLES

The Great Woman's Medicine Often Just What Is Needed.

We are so used to thinking of Lydia E. Pinkham's Vegetable Compound as a remedy exclusively for female ills that we are apt to overlook the fact that it is one of the best remedies for disorders of the stomach.

For stomach trouble of women it is especially adapted, as it works in complete harmony with the female organism, since it contains the extracts of the best tonic roots and herbs. It tones up the digestive system, and increases the appetite and strength. Here is what one woman writes showing what this medicine does:—

Newfield, N. Y.—"I am so pleased to say I can recommend Lydia E. Pinkham's Vegetable Compound as an economical and beneficial remedy in most ailments pertaining to women. At least I found it so by only taking two bottles. I had indigestion in a bad form and I am now feeling in the best of health and owe it all to Lydia E. Pinkham's Vegetable Compound."—Mrs. BURR WILLIAMS, R. D. No. 29, Newfield, N. Y.

Many women suffer from that "all gone feeling," and "feel so faint," while doing their work. Ten chances to one their digestive system is all out of order. A tablespoonful of Lydia E. Pinkham's Vegetable Compound after each meal should completely remedy this condition in a few days.

## OBJECTIONS TO WEST STATE STREET PAVING TO BE HEARD TODAY

First Argument Will Be Made on Legal Points—List of Objectors.

The hearing of objections to the proposed paving of West State street will be taken up before Judge Thomson in the county court today. Legal objections will be those first considered and they will be heard without a jury. Subsequently questions of assessment and benefits will be heard before a jury. William T. Wilson will appear as attorney for a number of property owners who object to the proposed improvement.

**Property Owners' Protest.**  
This list of property owners includes George T. Wiswell, Alden Brown, Mrs. Lillie B. Frost, Mrs. Rose Kennedy, C. L. French, Ensley Moore, Mrs. Nettie Havenhill and Harold A. King. In their objections the attorney for the property owners sets forth that the petition for the pavement was insufficient and that the required notices and other jurisdictional steps have not been properly taken. It is further alleged that the ordinance mentioned in the petition is not valid because it is not in the style prescribed by law; is not passed according to law; is indefinite, uncertain, ambiguous and unreasonable in its terms; pretends to assess a tax against the city of Jacksonville; does not determine the specific amount to be raised by general taxation and is otherwise uncertain and indefinite. The property owners further object to the special tax roll as not being made in accordance with law and declare that the special tax commissioner was not lawfully appointed and that he has not assessed against the property of the Jacksonville Railway company its proportion of the whole cost of the improvement in the manner prescribed by the ordinance.

**Railway Company Objections.**  
The objections of the Jacksonville Railway & Light company were filed by Bellatti & Moriarty. These objections are summed up as follows:

That the necessary steps to give court jurisdiction were not had.

That the ordinance is void because it fails to specify the proportions in which the asphaltic cement sand and filler shall be mixed for the sheet asphalt wearing course.

That the ordinance is void because of insufficient specifications.

That the ordinance is void because of ambiguity in section 3, which makes it uncertain what, if any, tax is to be spread against the property of the Jacksonville Railway company.

That the ordinance is void if it attempts the spreading of a special tax under the designation "right of way of the Jacksonville Railway company" because mere right of way is not such property as may be specially taxed in such proceeding.

The objector maintains that the ordinance did not give the special commissioner power to assess any tax against the company.

The company declares that the commissioner did not make a fair and impartial assessment of the cost of the improvement upon the various pieces of property listed but arbitrarily assessed against the right of way the entire cost of paving between the rails and for eighteen inches on each side, without regard to the benefit actually conferred.

The company objects to the paving between the rails and for a distance of eighteen inches on the outside because the company is not under any obligation by contract, franchise, charter or otherwise to pay the cost of said paving.

The company objects because the commissioner had no basis to assess benefits because he was acting in behalf of the city and the city has for some time past contended that the company has no franchise or privilege of occupying or using the streets.

The company objects to the assessment claiming that the city council acted in plain abuse of its power in fixing an assessment against the right of way grossly disproportionate to the assessments against other properties, and the confirmation of the assessment roll would amount to confiscation of the property.

The company objects to the assessment roll because the commissioner did not assess against the city of Jacksonville the cost of that part of the proposed improvement upon which Duncan park abuts.

**BROWN'S EVENING CLASSES** begin Monday, Sept. 25.

The Man.

Ohio State Journal:—It is most important to know what a man is than the policy he intends to pursue. It is better to have a courageous, high-minded, honest, capable man than one who has lugged a bale of policies. In the personality lie the highest possibilities of public duty. Just what a man will do in certain emergencies no one knows by what he says he will do, for he is a creature of circumstances, and the construction of those circumstances belongs to his personality, which is attested by his life. So the ultimate object of all policies should be the man who can rise above selfish influence and do the right thing at the right time. And all this lies within the sphere of education, from which is evolved the citizen whose sole value is in his personality, and not his knowledge or his smartness or oratory.

Arthur and Walter Haley, George Peters and Robert Neece spent yesterday hunting in the vicinity of Meredosa.

## SOCIAL EVENTS

### Etude Club Meets

With Esther Agnew.

The Etude Club met Thursday afternoon with Miss Esther Agnew at her home on West College avenue. After a brief business meeting, a short program was given. A social hour was enjoyed and delicious refreshments were served. The club adjourned to meet Friday evening, October 5, at 8 o'clock with Miss Zella Benton, West College avenue. The program will be as follows:

Piano Solo—Miss Grace Van Houten.  
Reading—Miss Esther Agnew.  
Piano Solo—Miss Lucille Bolton.  
Violin Solo—Miss Anna Frances Bradley.  
Piano Solo—Miss Hildegard Reese.

### Farewell Party

At Daniels Home

Mrs. Elsie DeWitt was tendered a farewell party Thursday evening by members of the Baptist Mission at the home of Mr. and Mrs. Veer Daniels, 1006 North Fayette street. Mrs. DeWitt has been a faithful worker at the mission and the members much regret that she is to leave the city.

Refreshments were served and a pleasant social time was enjoyed by the twenty-four guests.

### Philathea Circle

Entertained at Chapin

The Philathea Circle of the Central Christian church, of which Miss Mary Dewees is the teacher, was pleasantly entertained Thursday evening by Mrs. C. F. Duckett, Mrs. Ada Smith and Mrs. Elsie Berry at the hospitable home of Mrs. Duckett in Chapin. Miss Mary Dewees and Miss Grace Filson received the awards for making the most words from the letters in "Philathea."

An appetizing buffet luncheon was served. All spent the evening hours most enjoyably, returning to Jacksonville by the 9:45 o'clock train. There were present Mrs. Lloyd Hamilton, J. Wesley Hamilton, Jr., Mrs. W. R. Hanchine, Mrs. E. G. Sibley, Mrs. Othe Thorn, Mrs. Mabel Dunavan, Mrs. W. G. Henthall, Ralph Henthall, Miss Minnie Harney, Miss Stella Bambrook, Elizabeth Brewer, Mrs. Walter Brown, Mrs. Glenn Large, Miss Grace Filson and Miss Dewees.

### M. V. WYATT HAS PASSED EIGHTIETH MILESTONE OF LIFE

Long Time Resident Was Born in Log House Near Murrayville—A Remarkable War Record.

Yesterday was the eightieth birthday of M. V. Wyatt of 851 Goltz avenue and a birthday dinner was given in honor of the occasion. A number of relatives and close friends being present. Mr. Wyatt is still in excellent physical condition and does not show his advanced age. He was born in a log house west of where the town of Murrayville is now located. In 1858 he with three companions went to Pike's Peak, making the trip in a covered wagon drawn by four yoke of oxen.

Mr. Wyatt is a veteran of the Civil War, having been a member of Company I. He fought in the battle of Shiloh, and for forty-two days his company lay in the trenches at the siege of Vicksburg. While he had many thrilling experiences and narrow escapes, Mr. Wyatt's record is remarkable in that he was not off duty for a single day during his career as a soldier. On one occasion a shell burst within ten feet of him, the deafening explosion resulting in permanent injury to his sense of hearing. Mr. Wyatt was with General Sherman when he made the now famous remark, "War is hell" and remembers the incident well. The rebels were in the rear of a house and fired upon the Union soldiers as they passed. A woman carrying a child ran from the house and was shot down by the rebels, and Sherman, making his way to the spot where she had fallen, made the remark about war now famous in history.

Mr. Wyatt's first visit to Jacksonville was to attend the funeral of John J. Hardin. East cemetery at that time was a timber of brush, wild crabapple and blackberry bushes. The first railroad in Morgan county and one of the first in the state extended from Springfield to Mercedosa and passed thru the middle of the square in this city and Mr. Wyatt well remembers the construction work.

On November 18, 1864, Mr. Wyatt was married to Phoebe E. Ellis of Winchester, and two years ago they celebrated their golden wedding anniversary. Their children are Dr. C. N. Wyatt of Humboldt, Kansas, William Wyatt of White Hall, George M. Wyatt of Roodhouse, and Miss Minnie Wyatt of this city. There are two granddaughters and one great grandson. Mr. Wyatt is still active and takes a keen interest in the affairs of life, and is a man whose friends are legion.

### ILLINOIS COLLEGE SOCIETIES TONIGHT

This evening will take place the first meetings of the two college societies, the Phi Alpha and Sigma Pi, and doubtless the young men are counting much on the occasion. These societies are a very important factor in the work of the college and more than one student has been induced to return through love of his society. The boys like to have old members look in on them and take part as it gives them a sendoff which is always pleasant and it should be equally pleasant to the past members to renew the scenes and days of college life. Both societies have good prospects and if the members could only know how important it is to keep up the work connected with them none would ever fail to perform their duty and take part in the debates.

### MISS AILSIE GOODRICK WILL GO TO LOS ANGELES

Has Been Appointed Supervisor of Music in Public Schools There.

The Jacksonville Public Schools will lose the services of Miss Ailsie Goodrick as director of music, her resignation having been sent to the board of education. Miss Goodrick gives up her work here to take a similar position in the schools of Los Angeles, Cal. The position there is one of large responsibility and pays a salary almost double that which the position of musical supervisor carries here. During her tenure of ten years as supervisor of music in the Jacksonville schools Miss Goodrick has accomplished a great deal for the general music education of her pupils in the various wards. With such a large number to deal with the advances made have really been remarkable.

In addition to her arduous work in the public schools Miss Goodrick has found time to have charge of class instruction in school music at Illinois Woman's college. With a musical temperament and extensive training Miss Goodrick has entered enthusiastically into her work. The close of each year has not meant an end for her activity for she has spent the larger part of a great many summers in special training work and has kept fully abreast of the times in methods of instruction. Miss Goodrick is to leave soon for the west as it is necessary for her to enter at once upon the new duties for which she is so well qualified.

### MR. AND MRS. J. H. SILCOX, SR. HURT IN AUTOMOBILE ACCIDENT

Car Driven by Jeff Duckett Overturns Just West of City—Mrs. Silcox Has Both Arms Broken.

As the result of an automobile accident in which they were riding overturning, Mr. and Mrs. James H. Silcox of Uplands, Calif., are at Passavant hospital, Mrs. Silcox with both her arms broken and Mr. Silcox from an injured back. Both are considerably bruised. Jeff Duckett of Chapin, driver of the car, was slightly cut and scratched by broken glass but is not otherwise injured. Mr. Silcox is 82 years of age and his wife is 73 years old and their advanced age probably will make the accident the more serious.

The accident occurred near the residence of Mrs. Gunn, just west of the Isaiah Strawn farm. Mr. Duckett turned out to pass another car and went into the ditch. In attempting to avoid hitting a telephone pole he turned the car sharply and went across the road into another ditch on the opposite side. When the car struck the second ditch it turned over on its side.

The windshield was broken and one of the fenders was damaged. The injured were rushed to Passavant in another car and given attention. The car was brought in by Wheeler and Sorrells and was driven back to Chapin by Mr. Duckett Thursday evening.

Mr. and Mrs. Silcox are visiting their son James H. Silcox, Jr., of Concord.

Mr. Duckett was driving a new Halliday car. The accident was especially regrettable to him as this is the first accident he has had in the eight years he has driven a car. The car Mr. Duckett passed was a Reo, driven by Martin Ommen of Chapin. Mr. Ommen lent all possible assistance, taking the injured people in his own car to the hospital.

### PUMPED OUT CISTERS AT SCHOOLS

Since the opening of the public schools investigation has revealed bad water in some of the cisterns which is used for drinking purposes. Thursday Chief Hunt took the fire engine and pumped the water out of the cisterns at the high school, Franklin, Morton and Independence schools. The cisterns will be thoroughly cleaned and made ready to receive water from the first rain. In the meantime suitable drinking water will be purchased for these buildings.

### MISS LENA HOPPER APPOINTED MUSIC SUPERVISOR IN SCHOOLS

Will Assume Position Made Vacant by Miss Goodrick's Resignation—Supt. Perrin Testing the Drinking Water at School Buildings.

The board of education met last evening in called session to hear the resignation of Miss Ailsie Goodrick, supervisor of music, and to consider any other business. Miss Goodrick's resignation was accepted and Miss Lena Hopper was appointed in her place. The matter of drinking water was discussed and that of insurance but no action was taken.

The call was read which was to consider the resignation of Miss Ailsie Goodrick, supervisor of music and to consider any other business that might come before the body.

Letter From Miss Goodrick. The secretary read the following from Miss Goodrick: Jacksonville, Illinois, Sept. 21, 1916. Members of the Board of Education, Jacksonville Illinois. Gentlemen:

I have just been elected to the position of supervisor of music in the Los Angeles California schools. Having filled this position in Jacksonville for several years and wishing at some time to enter a larger field I feel that this is an opportunity for me to accept. In accepting this position it is necessary that I leave here the last of this week and ask the members of the board of Education to accept my resignation to become effective at once.

I wish to thank the members of the board of education of 1916 and the members of previous Boards for the courtesy and consideration shown to the department of music and to myself during the years of my supervision.

Yours very truly, Ailsie E. Goodrick, Supervisor of Music.

The resignation was accepted and Members Black asked Supt. Perrin what they were going to do about a successor and Mr. Perrin said it was time for the committee on teachers to get busy so on motion of Member Black the matter of a successor to Miss Goodrick was referred to the superintendent and committee on teachers with power to act, the salary not to exceed that paid Miss Goodrick.

### Water Supply Tested.

Supt. Perrin said he had had samples of all water at the various buildings sent to Urbana for analysis and report. The cistern at the Washington school was alright. The janitor, Ellis Moore, is very careful regarding letting water into the cistern having the roof of the building carefully washed first so that the water is good and safe. While the well there has been pronounced rather undesirable several families have used from it with no bad results as reported.

The water at the Franklin school is safe but repairs to the cistern have given it an unpleasant taste so they have had it pumped out and bailed out so that the next rain will produce a good article.

The water at the Independence school is all right. The western cistern at the high school building is all right but there is a possible question regarding the east one so that has been pumped and bailed out and ready for clean water at the next rain. Supt. Perrin said they would keep on and see to it that all the buildings had safe water to use and he was instructed to act with the buildings and grounds committee in the matter and see to it.

Member Black said sand and gravel were safe filters but should be cared for and kept in order. There was considerable informal discussion over the matter and it was evident that Supt. Perrin meant to see that the children had safe water to drink and he had the committee on buildings and grounds to act with him and with authority. The question of rearranging the insurance that is carried by the board was brought up but no action was taken.

Miss Hopper Appointed. After adjournment the superintendent and committee on teachers met in the superintendent's office to take into consideration the question of a successor to Miss Goodrick. Several names were considered and finally Miss Lena Hopper was chosen at a salary of eight dollars a month. Miss Hopper is engaged at present at Barry but was reached by long distance telephone and engaged.

Miss Lena Hopper is a daughter of Mr. Charles Hopper and is a native of Jacksonville where she has spent most of her life. She is a graduate in the musical department of the Illinois Woman's College and holds the diploma of that institution and a certificate in public school music. She was recommended by Miss Goodrick, the retiring supervisor. She has had some experience in the public schools of this city and is at present supervisor of music in the public schools at Barry which position she will resign. She is a young lady of many good qualifications, is popular with all who know her, has an excellent character and will doubtless prove a desirable addition to the teaching force of the city.
